

Software Maintenance Plan

Software Support Service. During the period of time or term of the Software Maintenance Plan (the "Plan"), for which the customer has paid TeleMate.Net Software, LLC. ("TELEMATE"), for the services described in this Plan, TELEMATE will provide technical support relating to product installation, configuration, use, and operation of the TELEMATE software licensed by customer. This support will be provided by telephone; Email, and/or on-line via WebEx™ during TELEMATE's normal business hours of 7:00 a.m. to 6:00 p.m. U.S. Eastern time, Monday through Friday, excluding TELEMATE holidays. Both 24x7 Technical Support and 24x7 Emergency Technical Support is available as well as scheduled, customer requested appointments.

Update Service. During the term of the Plan, TELEMATE will provide updates to the licensed software. "Update" means each version of the licensed software released for distribution by TELEMATE that incorporates one or more program fixes, enhancements, or improvements as designated by release level 1.x. "Updates" excludes new products announced by TELEMATE that require additional license fees and which provide more functionality than the software version initially licensed, as designated by the release x.0 ("Upgrade") where by 'x' is 1, 2, 3, 4...7, 8.

During the term of the Plan, TELEMATE will provide category updates to the licensed software as defined by the software purchased. Each software product as sold has a defined category update frequency. To benefit from category updates customer is responsible to ensuring software purchased has Internet connectivity to the TeleMate online service. Category updates include global; dialing pattern updates, GeoIP data updates, and other global positioning data uses in the operation of the software.

Call Storage Devices. During the term of the Plan, TELEMATE will provide updates to the licensed Call Storage Devices ("CSD"). A "CSD Update" means firmware updates of the licensed software released for distribution by TELEMATE's CSD provider that incorporates one or more program fixes, enhancements, or improvements which is designated as upgradeable from the CSD's base model and version. "CSD Updates" excludes new products announced by TELEMATE's CSD provider that require changes to the CSD hardware platform initially purchased. Additionally, the Plan includes advanced replacement of a CSD with a loaner unit for a defective unit that has been issued a Return Merchandise Authorization or RMA number by TELEMATE Technical Support or TELEMATE's CSD provider. There is no guarantee that the loaner unit will be equal in specifications and storage capacity to the licensed CSD. The customer will be charged for the loaner unit if the defective unit is not returned to TELEMATE within 90 days after shipment of the loaner unit.

INTERNET Access. Access to technical support via the INTERNET for Frequently Asked Questions (FAQs), and selected data files are available to Plan subscribers at no additional charge. Access is available via <http://www.telemate.net/support> or <http://www.predictiveuc.com/support>.

In addition, self-help training videos and product documentation is accessible at:

<http://www.telemate.net/customer-portal/>

<http://www.predictiveuc.net/customer-portal/>

Correction of Errors. The technical support provided by this Plan includes a

limited obligation to assist in the correction of errors in the licensed software. If the licensed software fails to perform in accordance with the functionality specified in the user documentation or help screens, the customer may notify TELEMATE support of the error. TELEMATE technical support staff, at their option, may require additional information sufficient to permit TELEMATE to reproduce the error. In the event TELEMATE is able to reproduce the error, and identify it as an error in the licensed software, TELEMATE will use its best efforts to correct the error. TELEMATE will also provide the customer with known error avoidance or error bypass procedures as soon as possible after the customer notifies TELEMATE of a problem.

New Release of the Software Product(s). At TELEMATE's discretion, TELEMATE will provide the customer with corrected, updated or enhanced releases of the licensed software which TELEMATE makes generally available for use under the applicable software license agreement without additional charge (installation of updates performed by TELEMATE remotely or on site is available for an additional charge). These releases will be 1.x update release. TELEMATE may charge, at TELEMATE's discretion, or require the separate purchase of Upgrades or releases which contain what TELEMATE deems to be significant enhancements in the licensed software functionality.

Limitations

Services NOT Covered. The Plan does not include (i) assistance in the configuration or maintenance of hardware, software or facilities external to the licensed software, (ii) customer modifications or programming changes to the licensed software, (iii) standard product training. The technical support provided through this Plan is not intended to replace standard product training. The technical support provided through this Plan does not include technical training. Regular training is offered at a fee.

Hardware Modifications, Additional Software or Training. If a hardware modification or additional third party software is needed for a new release of the licensed software to be compatible with the customer's hardware, such required hardware modification or third party software is NOT covered by this Plan and is the customer's sole responsibility. If additional training is necessary to utilize a new release of the licensed software, the cost of such training is NOT covered by this Plan and is the customer's sole responsibility.

Conditions

The Plan does not constitute a warranty. TELEMATE will provide the services described herein subject to the following conditions:

This Plan is NOT an Agreement for Trouble Free Service. TELEMATE does not represent that the operation of the licensed software will be uninterrupted or error free. TELEMATE is not responsible for problems caused by the customer's computer hardware, or the customer's use of the licensed software in conjunction with non-TELEMATE software or in conjunction with other than the specified hardware and

operating system environment, or the customer's unauthorized use of the licensed software. TELEMATE will not be responsible for loss, damage or injury resulting from any delay in rendering the services required under this Plan.

Remote Diagnostic Access. The customer must provide access to the licensed software and computer(s) on which the licensed software resides through the use of a internet connection where WebEx™ remote access can be used through a Window's browser session. (TELEMATE will provide support to customers that do not implement the specified remote diagnostic capability, but TELEMATE reserves the right to charge additional fees that reflect TELEMATE's additional support costs associated with the lack of remote diagnostic capabilities.)

Hardware Requirements. Customer equipment must meet the minimum computer hardware and software configuration specified and provide access to all information necessary to operate the licensed software (i.e. phone numbers, passwords, etc.). Additionally computer hardware utilizing the Windows NT operating system must be listed in the current Microsoft Windows NT Hardware Compatibility List (HCL). Note that hardware specifications provided are minimum specifications. TELEMATE recommends data retention requirements and number of end-users accessing the system be factors for increasing the hardware specifications.

Software Operations. The customer is responsible for providing personnel with the appropriate knowledge and skills to operate software programs.

Accounts Receivable. TELEMATE will not provide services specified under this plan to customers whose Plan accounts are thirty (30) days or more past due or customers who have not paid for the software license in accordance with the terms and conditions agreed upon in writing at the time of sale.

No Liability for Consequential Damage. NEITHER TELEMATE LICENSEE OR ITS AGENTS, SHALL IN ANY CASE BE LIABLE FOR SPECIAL, INCIDENTAL, CONSEQUENTIAL, INDIRECT OR OTHER SIMILAR DAMAGES (INCLUDING, WITHOUT LIMITATION, LOST PROFITS OR LOSS OF USE) ARISING FROM BREACH OF WARRANTY, FAILURE TO PROVIDE THE SERVICES DESCRIBED HEREIN, NEGLIGENCE, MALPRACTICE OR ANY OTHER LEGAL THEORY, EVEN IF TELEMATE OR ITS DISTRIBUTOR OR AGENT HAS BEEN ADVISED OF SUCH DAMAGES.

Disclaimer of any Implied Warranties. NO IMPLIED WARRANTY, INCLUDING THE WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, SHALL APPLY TO ANY MEDIA, DOCUMENTATION, SOFTWARE PRODUCT, OR SERVICE PROVIDED BY TELEMATE UNDER THIS PLAN. OTHER THAN AS SET FORTH EXPRESSLY IN THIS PLAN, ALL EXPRESS WARRANTIES ARE HEREBY DISCLAIMED BY TELEMATE.

Modifications to the Software Maintenance Plan. The features of this Plan can only be modified by a written agreement signed by a duly authorized representative of TELEMATE and the customer. The terms and conditions of this Plan are exclusive,

notwithstanding any variance from the terms and conditions of any purchasing, ordering document, or other instrument submitted by the customer whether formally rejected by TELEMATE or not. The Licensor hereby grants to the Licensee and the Licensee's agent use of the current version of the Licensor's software for the exclusive purpose of supporting the Licensee's operation.

TeleMate shall not publicize the fact that the Licensee has contracted to purchase software and/or services from TeleMate, nor shall any information relating to this agreement be disclosed without written permission from the Licensee Corporate Communications Management.

Should the Licensee sell or otherwise transfer the assets or equity ownership of any business unit or part thereof, and as part of such transfer agree to transfer the licensed software, with such business unit and the licensed software, with such business unit and the licensed software is not thereafter used by any other part of the Licensee's organization, the Licensee shall have the right to transfer and assign all of its right, title and interest in and to the licensed software, at no charge provided that the transferee agrees to assume all of the Licensee's rights and obligation under this Agreement. Licensor will provide maintenance and support to such transferee at Licensor's then current terms and conditions for maintenance and support, or as Licensor and the transferee shall otherwise agree.

Optional Services

A number of optional services are available to TELEMATE Plan subscribers. These services and others are available for an extra fee:

Installation by TELEMATE. On-Site and remote installations services are available for an additional fee.

Custom Reports by TELEMATE. Custom reports developed by TELEMATE are available for an additional fee. TELEMATE customization is rarely required due to the flexibility provided within the reporting feature set of the product.

Professional Services and Data Analysts.

Professional Services and Data Analysts offered by TELEMATE are available for an additional fee and fee schedule is determined by scope of work required.

Other Chargeable Items

Excessive Support Charges. TELEMATE may charge for unusual or excessive support expenses not directly related to the failure of the licensed software. However, in all cases TELEMATE will notify the customer of the possibility of these costs in advance.

Extraordinary Expenses. Any extraordinary expenses incurred by TELEMATE in the carrying out the services described herein shall be paid by the customer. Such expenses may include, but are not limited to (a) express or priority shipment of materials, (b) airline

fares, (c) local hotel accommodations, transportation, and meals. TELEMATE will notify the customer of the possibility of these expenses in advance for customer approval.

Plan Pricing and Terms

Basic Price and Terms. Current pricing for the Plan is available on the TELEMATE price sheet. For those customers not providing remote diagnostic capabilities via WebEx™, TELEMATE reserves the right to increase the cost of this Plan for the licensed software. However, TELEMATE will notify the customer of the possibility of this increased cost in advance.

Payment Terms. Payment in full for the upcoming term is due thirty (30) days prior to the expiration of the current Plan term. Payment not received by the commencement date of the NEW term will be considered PAST DUE. TELEMATE will not provide support services or updates to customers who are thirty (30) days or more past due. Payments past due thirty (30) days or more will be subject to a standard restart fee.

Agreement to Terms and Services. Payment, partial payment, or agreement to pay through the execution of a document such as an Order Confirmation by the customer indicates agreement on the part of the customer to the maintenance service, updates, terms and conditions provided for under the Plan.

Cloud Service Deployment – Cumulus UC Analytics

TELEMATE Responsibilities. TELEMATE is responsible the installation, hardware, backups, and operational health and wellness of the Cumulus UC Analytic ('CUMULUS') solution. TELEMATE will inform customers of new updates (1.x) releases available and at times, as technically required, require customer to update to a new version level. If TELEMATE requires customer to update to a new version and core features have changed it is up to TELEMATE utilizing best effort to provide training either via WebEx, training videos, or whitepapers.

Customer Responsibilities. Operation of the CUMULUS service is the responsibility of the customer. Customer is responsible for the data sources being collected by CUMULUS. TELEMATE is not responsible for loss of data or service availability due to the CUSTOMER failure to provide sufficient advanced notice of data source configuration changes. Based on the extent of configuration changes required to re-establish and re-map data source(s) professional service fees may apply and the responsibility of the CUSTOMER.
